ABOUT THE SHORT COURSE

"Establish Legal and Risk Management Requirements of Small Business" is specifically designed to compliment your trade-based skills and knowledge with business knowledge.

This is a Nationally Recognised Unit of Competency and is required as a pre-requisite for the application of a Building and Construction Trade Contractor Licences (*including an Electrical Trade Contractor Licence*) in each State of Australia (*excluding NSW*). It is used as evidence to the Governing body that you obtain the business skills and knowledge required to be a licenced subcontractor

NOTE: Whilst this qualification does meet certain licensing registration requirements, it is imperative that you speak with our Industry Experts or check with the relevant authority **before** enrolling as the completion of this qualification does not guarantee a licenced outcome.

UNIT COST: \$350

DURATION: 5-6 hours workshop or Self-Paced via correspondence (*please view below*)
