NATIONALLY RECOGNISED COURSE

NO SET INTAKE PERIOD!

Which means you can ENROL TODAY!!

THE COURSE

DURATION VIA RPL: A complete RPL assessment process may be achieved in 30 working days if all requirements are met

DURATION: Maximum 24 Months

ENTRY REQUIREMENTS: Nil

Successful completion of this course will provide you with the technical and managerial skills that meets the needs of builders and managers of small to medium-sized building businesses or individuals requiring a Low-Rise Builder Licence or Site Manager/Supervisor*.

Whilst this qualification does meet certain licensing/builder registration requirements, it is imperative that you speak with our Industry Experts or check with the relevant authority **before** enrolling as the completion of this qualification does not guarantee a licenced outcome.

**Builder and Site Supervisor licensing varies across States and Territories and requirements additional to the attainment of this qualification may be required.*

ALREADY INDUSTRY EXPERIENCED?

We acknowledge the skills you've gained through work and life experiences by offering Recognition of Prior Learning (RPL), reducing the time it takes to complete your qualification!

LET'S GET YOU QUALIFIED!

Your Trainer & Assessor will conduct a Pre-Qualification Interview and onsite RPL Assessment; gathering your work history, experience and goals. If any gaps in knowledge and/or skills are identified, further training and assessment will be provided.

TRAINING & ASSESSMENT METHODS

Skills and knowledge assessments are an essential step in progressing through your course. You may be assessed in several ways while you are studying with Fresh Start Education, including:

- ✓ Observation
- ✓ Workplace Delivery
- ✓ Online Learning at your own pace
- ✓ Mixed-Mode Delivery
- ✓ Workshop and Classroom
- ✓ Work Samples/Evidence
- ✓ Third-Party Supervisor Verification

COURSE STRUCTURE

Fresh Start Education deliver relevant industry training and assessment that provides you with the skills, knowledge and experience to achieve this Nationally Approved and Accredited Building & Construction qualification.

Our course content has been purposefully developed to be future-focused, complete with current industry topics that are practical and relevant to your trade. To achieve this qualification, you must demonstrate competency in 19 units of competency; comprised of 11 core units and 8 elective units.

This qualification is designed to enable two specialised occupational outcome pathways depending on elective options which will be reflected as:

- Certificate IV in Building and Construction (Building) or
- Certificate IV in Building and Construction (Site Management)

To make sure this is the right qualification for you, please review the units of competency listed below to ensure that your scope of works meets the requirements of the qualification or contact us today on 1300 980 999.

CORE UNITS
